 - p) Record keeping
- 2) Upon submission of its application, the applicant shall pay application and processing fee as prescribed by the Authority.
 - 3) When the Authority is satisfied with the submission of the above-mentioned proposal and application from the applicant, it shall arrange for an examiner or assessor to witness the conduct of the course to ensure that the documented procedures have been complied with.
 - 4) On the basis of the report of the assessor, the Authority may issue a Certificate of Approval Authorizing the maritime training Center to conduct training. The approval letter may contain such conditions that the Authority may consider necessary.

Article 7

Audit

- 1) The Authority shall conduct an audit on a maritime training center to ensure accreditation can be carried out.
- 2) The Authority shall conduct periodic and random audit on a maritime training center to ensure the maritime training is conducted in accordance with the requirements of the STCW as amended and these Directives.

Part 4

Responsibilities of the Authority

Article 8

Quality Standards

- 1) In accordance with the requirements of Regulation I/8 of the STCW Convention as amended, the Authority shall ensure that all trainings and assessment of competence, certification, including medical certification, endorsement and revalidation certification carried out by maritime training centers are continuously monitored through a quality standard system to ensure achievement of defined objectives including those concerning the qualifications and experience of instructors and assessors; .
- 2) The Authority may conduct an assessment of the documentation of the management system of the maritime training center to verify compliance with the applicable requirements in these Directives or additional requirements needed to comply with the quality objectives.

Article 9

Communication of Changes

- 1) Any changes to the course content, structure and instructor shall be sent to the Authority for assessment and approval.
- 2) Any changes to maritime training institute's address and premise shall be submitted to the Authority for approval.

Article 10

Training

- 1) The Authority shall ensure that all training and assessment of seafarers conducted by maritime training centers shall be in accordance with Section A-I/6 and Section A-I/8 of the STCW Convention as amended.
 - a) structured in accordance with written programmes, including such methods and media of delivery procedures and course material as are necessary to achieve the prescribed standard of competence; and
 - b) conducted , monitored , evaluated and supported by persons qualified
- 2) In particular the Authority shall ensure that :
 - a) The training manuals, curriculum and teaching materials developed by maritime training center and the medium of delivery shall be in the English language.
 - b) The training methodology shall include group discussion, practical demonstration and videos.
 - c) The duration of each course shall be commensurable to the hours specified for each course.
 - d) The instructors, supervisors and assessors shall be suitably qualified and certificated for the particular types and levels of training or assessment of competence of seafarers in accordance with paragraphs 3, 4, 5 and 6 of section A-I/6 of the STCW Convention and Article 13 of these Directives.

Article 11

Assessment

- 1) The Authority shall ensure that evaluations are periodically undertaken in accordance with the provisions of section A-I/8 of the STCW Code by qualified persons who are not themselves involved in the activities concerned.
- 2) The Authority may evaluate the effectiveness of progressive assessments in every training center at regular intervals or randomly and may circulate specific practical assessment directives whenever deemed necessary.
- 3) The training center shall be required to inform the Authority in advance the schedule for each of the training courses so that the later can

arrange for random check and inspection. However, the courses shall be monitored at intervals not exceeding five years as part of the quality standard system for submission of reports to IMO.

- 4) The Authority shall communicate the results of the evaluation required by paragraph two of Reg I/8 to the Secretary General in accordance with the format specified in section A-I/7 of the STCW Convention as amended;

Article 12 **Examinations**

For certification of masters, officers and ratings in the courses specified,

- 1) Examinations are given as a means of final assessment at the end of every course.
- 2) The examinations may consist of practical, demonstrative, oral or written examinations the combinations of which shall depend on the type of course. The Authority may issue notices regarding examinations.
- 3) The Authority may determine the passing mark for each of the particular types and levels of training examination.
- 4) Examinations are conducted at convenient examination centers under strict supervision of the Authority

Article 13 **Qualification of Instructors**

To be a qualified instructor of maritime training center, a person shall meet the following conditions:

- 1) Holds the required certification, endorsement or professional recognition;
- 2) Have the ability to conduct training and possess related operational experience; trained in effective teaching techniques ; and be able to show documented proof in a form of performance assessment or successfully completed a "train the trainer" course in accordance with IMO Model Course No.6.09 or syllabus approved by the Authority.

- 3) Individual who does not possess any certificate of competency and is not from the maritime field must submit documents confirming that he/she is expert in a particular field or possesses at least three years experience in specific professional services in the related field.
- 4) Academician serving at Public Higher Learning Institutions but who does not hold any certificate of competency may be allowed to teach professional courses provided he/she is a specialist in his/her discipline,
- 5) A simulator instructor must have practical operational experience in technical teaching of specific types of simulator including its usage.

Article 14

Responsibility of Maritime Training Centers

Every maritime training center conducting maritime training in Ethiopia, in addition to the requirements set out in part 2 of these Directives, shall;

- 1) Ensure that such maritime training center's professional marine education and training program conforms to the provisions of the STCW Convention as amended as well as other national and international standards, laws, and regulations relating to the training and certification of seafarers;
- 2) Ensure that the required knowledge, skills and expertise is transferred to Ethiopian Seafarers;
- 3) Shall get certificate of approval from the Authority to deliver maritime training in Ethiopia; it shall also arrange all the facilities to its trainees to get certificate of competency from the Authority after successfully accomplishing their training;
- 4) maintain records of all certificates and diplomas issued to students who complete their maritime education or training at the maritime training center , incorporating details of the education and training received and the relevant dates, together with their full names and dates and places of birth;
- 5) make available information on the status of such certificates and diplomas and on education and training as appropriate;

- 6) continuously monitor its training and assessment activities through a quality standards system to ensure achievement of its defined objectives including those concerning the qualifications and experience of its instructors and assessors;
- 7) undergo evaluation at intervals of not more than five years, by suitably qualified persons who are not themselves involved in the training or assessment activities concerned, so as to verify that the administrative and operational procedures at all levels within the maritime training center are managed, organized, undertaken, supervised and monitored internally in order to ensure their fitness for purpose and achievement of stated objectives.

Article 15

Suspension or Cancellation

- 1) The Authority may suspend or cancel a certificate of approval, as the case may be, where the maritime training center violates the provisions of STCW Convention as amended, the Proclamation and these Directives.
- 2) Without prejudice to the generality of sub-article (1) of this Article, the Authority may cancel a license on one of the following grounds:
 - a) where the certificate of approval is obtained with fraud /deceit or by producing falsified document of information;
 - b) where the maritime training center is found incompetent in running maritime training;
 - c) where it is ascertained that the maritime training center is found practicing any sort of deceitful activity or in a gross transgression of the proclamation and these Directives;
 - d) where the maritime training center is found conducting maritime training while its license is suspended;
- 3) Without prejudice to the generality of sub-article (1) of this Article the Authority may suspend a license on one of the following grounds:
 - a) Where a maritime training center fails, without good cause, to renew its license;

- b) Where the maritime training center employs persons, who do not fulfill professional Competency requirements stipulated by these Directives and the STCW Convention as amended.
